

Welcome to Heritage Weekend!

The National Hellenic Society (NHS) welcomes you to our 10th Annual Heritage Weekend & Classic! The National Hellenic Society is a network of proud Greek American leaders, visionaries, and philanthropists, who perpetuate and celebrate our rich heritage and legacy.

NHS empowers our members by leveraging their know-how and success and focusing the same on how to best cultivate the next generation. Young people yearn for an identity and we need to transform heritage and legacy into something relevant and important in their lives. This unifying force we call our heritage must be a security blanket they can depend upon throughout their lives. How do we do that? Through programs implemented locally and nationally. Programs that are rewarding and make a difference. Who better to do that than us – NHS' visionaries, leaders, and philanthropists.

This year, the **Heritage Greece Program** sponsored 67 Greek American and Greek Canadian college students to share an educational and cultural immersion experience in Greece with a peer group of students from the American College of Greece. Together, they connected with their Greek roots, identity, and culture. Upon their return, they join an association of program alumni, The Heritage Greece Alumni Network. Through this network, the NHS continues our commitment in keeping them engaged in the Greek American community through mentorship and in career advancement assistance.

2018 HERITAGE WEEKEND & CLASSIC

A Sampling of NHS Programs

NHS PROGRAMS

The National Hellenic Society's Programs have impacted, heightened and changed the lives of a host of individuals.

PROGRAMS BENEFITING THE COMMUNITY:

HERITAGE GREECE

Connecting Greek American college students to their Hellenic heritage, roots & Greek identity. Heritage Greece is a cultural and educational immersion experiences shared with students from our partner and host institution: the American College of Greece. The Program has impacted and changed the lives of 400+ Alumni that are now part of the Heritage Greece Alumni Network.

HERITAGE AMERICA

Greek American college students learn of the impact of Hellenic heritage through the personal experiences conveyed by a Who's Who of DC's luminaries in private, public and business. Heritage America was co-developed and hosted by Manatos & Manatos, a leading government relations and advocacy firm.

CELEBRATING & DISSEMINATING HELLENIC HERITAGE WITH THE MAINSTREAM

MY GREEK TABLE

Delve down to the culinary legacy of Greece with Master Chef, Diane Kochilas. The hit series of 13 episodes is enjoying Season II and airs on PBS stations nationwide. NHS is a proud series co-sponsor that has been seen by millions.

THE GREEK GUIDE TO GREATNESS

An NHS/National Geographic co-production of 10 episodes presenting ancient themes in a modern, catchy context featured on PBS and NatGeo Educational Channels; also accessible by millions of students and teachers through Google Classroom.

SOCIAL MEDIA THE GREAT CONNECTOR

MyPAREA.COM

MyParea.com & Facebook/MyParea social media channels were developed by a leading social media consultant to create a way to connect millions of viewers to Hellenic heritage and culture.

HELLENIC CAREER CENTER.COM

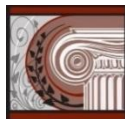

NHS has collaborated with ZipRecruiter to connect Greek American job-seekers and employers via an online search engine with millions of job listings.
